

Paramedic Graduate Survey

The primary goal of a Paramedic education program is to prepare the graduate to function as a competent **entry-level** Paramedic. As part of the national accreditation process, we need your feedback and candid responses to fully evaluate if we are meeting the needs of our communities of interest.

This survey is designed to help the program faculty determine the strengths and areas for improvement for the Paramedic program. All data will be kept **confidential** and will be used for program evaluation purposes only. Thank you in advance for your valuable feedback regarding the educational process.

Paramedic Graduate Survey

1. Please enter demographic data. The information is not shared and is reviewed collectively with all responses.

Your Name (First & Last)

How many months since you graduated from the Paramedic program?

Length of employment as a Paramedic at time of this survey (# of months)

Paramedic Graduate Survey
