

## CoAEMSP Standardized Progress Report – Positive (Job) Placement Due No Later Than: June 1, 2017

For programs not meeting the CoAEMSP threshold for Positive (Job) Placement, you must complete an analysis of the following topics and provide concise responses.

Based on review of the 3-year average (2015+2014+2013) of the **2016 CAAHEP Annual Report** for Positive (Job) Placement, complete each question below as directed.

**[Please Note:** In January 2015, CAAHEP made a change to Standard V.A.4 in the accreditation Standards for all its professions. The language in the EMS-Paramedic Standards now states:

*All programs must publish, preferably in a readily accessible place on their websites, the 3-year review-window average results of the outcomes for: National Registry (or State, as applicable) Written and Practical Exams, Retention, and Positive Placement. At all times, the published results must be consistent with and verifiable by the online Annual Report of the program.*

Based on the date of your accreditation, if you do not yet have outcomes data for the "3-year review window average results;" the CoAEMSP policy does not yet apply. Of course, the program is free to publish any outcomes results it chooses, and you should prepare to publish the accreditation required outcomes results, when you have sufficient years of data for a complete 3-year review window.]

### Positive (Job) Placement

The Positive (Job) Placement threshold set by the CoAEMSP is 70%. Positive (Job) Placement means that the graduate is employed full or part-time or volunteers in the profession or in a related field; or is continuing his/her education; or is serving in the military. A related field is one in which the individual is using cognitive, psychomotor, and affective competencies acquired in the educational program.

**Threshold: 70%**

**Program's results according to the CAAHEP Annual Report:**                      %  
(most recent 3-year reported average)

1. When do you survey your graduates to determine if they are employed (or volunteering) as a Paramedic?

2. How do you track graduate job placement?

3. Does your institution have a placement office?

Yes

No (proceed to Question #4)

If Yes, Do your graduates utilize the (placement office) service?

Yes

No

Describe:

**List all of the methods utilized by the program to assist in placing the graduates:**

**4. Why do you think your graduates are not employed in their field or continuing their education within 10 months of graduation?**

**5. List specific conclusions resulting from your analysis.**

**6. What is the program's action plan and the timetable for those actions to address each of your conclusions?**

**Thank you!!**
