Dear Dr. Hatch,

After reviewing the findings letter, we agree with and confirm the factual accuracy and content of the Findings Letter. We will provide new documentation of corrective actions prior to June 1, 201x. We look forward to answering each of the areas of need and continuing our accreditation and service to our community in the future.

We were pleased to host Mr. Johnny Gage and Dr. John McIntyre. They were the perfect team, personable and professional. Their depth of experience in EMS and their commitment to the CAAHEP accreditation process and value of accreditation was inspiring.

Thank you for your assistance in this process.

Sincerely Yours,

Daniel Thompson, BS, NREMT-P
