Step-by-Step Instructions

Step-By-Step Instructions

The Program's Response to the Site Visit Findings Letter/Progress Report template is an Excel document (software version 2013). There is a preset automatic link for each Standard Citation requiring further evidence to address that particular Standard. The preset automatic link will only work if the evidence is named exactly as listed and the type of file format is an Adobe Portable Document (PDF). You **will not** be able to manually link the documentation, so it is very important that the evidence requested for each Standard Citation within the Site Visit Findings Letter/Progress Report template matches the evidence provided for each Standard Citation in the Evidence folder.

Please be sure the scanned documentation is positioned so that they do not need to be rotated to view and the ability to rename the folder and/or documents is not restricted.

Please use the steps on the following pages as a guide in completing the program's response to the Findings Letter/Progress Report.

Double-click on the PDF icon below to access the Directions for Creating a Single PDF Document.

*****Remember to save your work once you completed the Excel template*****

For questions or help composing the program's response, please contact Lisa Collard (lisa@coaemsp.org or ext. 118)

New Format

- **Excel document**
 - **600XXX ABC College Response 2019.06.01.xlsx**
- **Evidence examples**
 - **Standard Citation 01.pdf**
 - **Standard Citation 02.pdf**

Process

- **If narrative is requested, respond concisely: no fluff or elaboration**
 - **Excessive documentation: info requested can get lost/overlooked**
 - **Bullet listing can add clarity**
 - **Review for grammar and spelling**
 - **Ask others to review, provide feedback on whether response is clear and answers issues**

Formatting

- **Scans must be legible, clear and in correct order (not upside down or crooked)**
- **If color-coded documents are used, color scanning is preferable**
- **For policies:**
 - **Do not submit an entire college catalog, clinical or field manual, student handbook**
 - **Scan and highlight the relevant language with catalog cover and index or use screen shots**
