## Outcomes Summary

RETENTION										
<p>The Retention outcome threshold set by the CoAEMSP is 70% and based on the retention/attrition formula. All programs must calculate retention based upon the number of students enrolled after completing 10% of the program's advertised TOTAL clock hours (e.g., 10% of 1,200 total clock hours = 120 hours; students completing more than 120 hours will be considered enrolled and will be counted in the calculation of the retention outcome). This includes all CORE paramedic coursework (not inclusive of prerequisites such as English, anatomy and physiology, EMT, etc.). Core paramedic coursework encompasses all phases of the program including didactic, lab, clinical, field experience, and capstone field internship.</p> <p>Retention will be computed using the total number of students that completed in the most recent reporting year (2021) and is calculated by determining Attrition (the number of students who dropped out divided by the number enrolled after 10% of total clock hours). Once the Attrition percentage has been determined, then the Retention percentage is 100% minus the Attrition percentage.</p>

*(answer required for each academic category or results will not calculate.)										
*Number dismissed due to grades										
*Number withdrew due to grades										
*Number due to other academic

Non-academic Reasons for Attrition (after 10% completion):

Manually Calculate Attrition/Retention Results:

$$\text{Attrition} = \frac{\text{Total \# of Academic Reasons} + \text{Non-academic Reasons}}{\text{Number enrolled after 10\% of total clock hours}}$$

$$\text{Retention} = 100\% - \text{Attrition}$$

<b>NATIONAL REGISTRY / STATE WRITTEN EXAMINATION</b>										
The Written Examination (National Registry/State) outcome threshold set by the CoAEMSP is 70%. The success of any examination results will be computed using the most recent reporting year (2021) based on the total number of graduates attempting the examination. Each graduate should be reported only once.

<b>Total Graduates in Reporting Year</b> *(answer required for each category below) see definitions by hovering over any of the red comment triangle(s)

<b>Total Passing in 2021</b>										
<b>National Registry / State Written Pass Rate Success</b>										<b>0.0%</b>

Manually Calculate NREMT/State Written Examination Results:

$$\text{NREMT Pass Rate Success} = \frac{\text{3rd attempt cumulative}}{\text{\# of total graduates attempting the written examination}}$$

<b>POSITIVE PLACEMENT</b>										
The Positive Placement outcome threshold set by the CoAEMSP is 70%. Positive Placement means that the graduate is employed full or part-time or volunteers in the profession or in a related field; or is continuing his/her education; or is serving in the military. A related field is one in which the individual is using cognitive, psychomotor, and affective competencies acquired in the Paramedic educational program.

(For informational purposes only to check for accuracy)  
 Manually Calculate Positive Placement Results:

$$\text{Positive Placement} = \frac{\text{\# of graduates employed} + \text{\# of graduates continuing ed/serving in the military but NOT employed}}{\text{Total Graduates}}$$

### RESOURCE ASSESSMENT

Programs (CoAEMSP LoR & CAAHEP accredited) must conduct Resource Assessment at least annually (Standard IIID) and are required to complete a Resource Assessment Matrix (RAM) which includes ten (10) categories [Faculty, Medical Director, Support Personnel, Curriculum, Financial Resources, Facilities, Clinical Resources, Field Internship Resources, Learning Resources, and Physician Interaction]. If programs have identified deficiencies in resources, an action plan and follow up are required to address those deficiencies. The Advisory Committee should be involved in both assessing the resources and reviewing the result. All resource assessment documents (i.e. student and personnel surveys, matrix, and data collection spreadsheet) are located on the CoAEMSP website.

<http://coaemsp.org/Evaluations.htm>

Were all of the Resource Assessment Matrix [RAM] categories equal to or above 80% in the 2021 calendar year?
